

Perth & Kinross Council

Information on council performance comes from statutory performance indicators, the performance management and planning audit, value for money and other reports. **All** of these must be taken into account in considering how a council is performing. Further details about all of the information below are available in Section 1 of this document.

Contextual data

- total resident population 134,949
- number of households 57,480
- Grant Aided Expenditure for 2002/2003 (£'000) 175,595
- Band D Council Tax for 2001/2002 (£) 936

Statutory Performance Indicators - summary information

The council's performance worsened by 5% or more on 14 measures, and improved by 5% or more on 19 measures

	Measures that worsened by...			Measures that improved by...		
	>15%	10-14%	5-9%	5-9%	10-14%	>15%
Scotland	5.9	2.7	3.7	4.5	3.0	9.2
Perth & Kinross	8	2	4	4	3	12

A full set of the SPI measures used for this analysis is included at the end of the profile.

In 1999/2000 this council had a ranking of 25 or below in indicators 7, 9, 10, 14, 17, 20, 22, 24, 28, 37, 43 and 55. By 2001/02, they had not improved by at least 5% in the following indicators:

Indicator number	Indicator definition
24	Refuse collection - the gross cost per property (£) of refuse collection
37	Homelessness - the number of homeless households in priority need provided with temporary accommodation in council-furnished dwellings, as a percentage of the total provided with temporary accommodation
55	Residential homes – the percentage of residential care places in homes for children, that are single rooms

Progress towards Best Value: The performance management and planning (PMP) audit

Best Value requires councils to implement effective arrangements for planning and managing their performance. The performance management and planning (PMP) audit assesses the extent to which councils have these arrangements in place. Results from the PMP audit, SPIs, performance audit and other reports should **all** be considered when assessing council or service performance.

Between 1999 and 2002 the PMP audit was applied to Perth & Kinross Council's corporate function and to a total of eight Perth & Kinross Council services (Exhibit 1). The criteria used in the PMP audit are outlined in Section 1, Exhibit 3. Having over 70% of best practice criteria elements in place is recognised as a good achievement. Councils with less than 60% of best practice elements in place generally have room to make substantial improvements.

The corporate audit (2000/01) found that Perth & Kinross Council had 70% or more of the elements of best practice performance management and planning in place. The service audits found that five of the eight Perth & Kinross Council services had 70% or more of best practice elements in place.

Perth & Kinross Council planned to make improvements in all the PMP audited services and to its corporate function. The 2001/02 PMP audit looked at the extent of progress made and found:

Services audited in 1999/00

- Roads, transport & architectural services – improvements had been or were on target to be introduced
- Leisure & cultural services – improvements addressed in the 2001/02 Perth & Kinross Leisure audit (see Exhibit 1)
- Planning & development – improvements had been or were on target to be introduced

Services audited in 2000/01

- Environmental services – improvements had been or were on target to be introduced
- Financial services – some progress but slippage
- Housing and social work services – improvements had been or were on target to be introduced

Corporate function audited in 2000/01

- improvements had been or were on target to be introduced

Exhibit 1: PMP audit results 1999-2002

The proportion of best practice elements that audited services across Scotland had in place has increased over the three years of the PMP audit. In 1999/00 the average (mean) proportion was 60%; in 2000/01 the average proportion was 69%; and in 2001/02 the average proportion was 72%. Six of the eight audited services had higher than Scottish average scores.

PMP audited services

Accounts Commission/Audit Scotland reports (April 2001 to December 2002)

- There were no Accounts Commission statutory reports published on this council during the time period
- The appointed auditor's report on the council's financial statement for the year was unqualified
- The following Value for Money reports were published during the time period and included comparative performance levels on all councils:
 - 'A job worth doing – raising the standard of internal audit in Scottish councils' (August 2001) assessed this council as band 2, councils that generally comply with the CIPFA code of practice for internal audit

- 'A safer place: revisited – a review of progress in property risk management in schools' (June 2001) mentioned this council as:
 - o having low but significant levels of vandalism, a total of £58,000 in 1999/2000, equating to £3 per pupil
 - o having made good progress on some recommendations, but less on others

More information about the work of the Accounts Commission and Audit Scotland are available at www.audit-scotland.gov.uk

Inspectorates (April 2001 to December 2002)

- HM Inspectorate of Education did not undertake a QMiE inspection of the council's education department during this time period
- The Benefit Fraud Inspectorate did not undertake an inspection of the council during this time period. More information is available at www.bfi.gov.uk
- The Social Work Services Inspectorate included a section on this council in their annual report 'Growth & Development' (November 2002). More information is available at www.scotland.gov.uk/socialwork/swsi
- The Food Standards Agency completed a partial audit of this council's food law enforcement services as part of their audit scheme year 1 (April 2001 to March 2002). They have also been subject to a phase 2 audit (April 2002 to March 2003). More information is available at www.foodstandards.gov.uk

For more information on the work of Inspectorates in general, please refer to Section 1 of this report

Scottish Public Services Ombudsman (April 2001 to December 2002)

- There were no findings of maladministration against this council during this time period

More information on the work of the Ombudsman is available at www.scottishombudsman.org.uk

Statutory Performance Indicators – list of measures

	Measure	Rank in 01/02		PI measurement			Better ✓ or worse ✗ since 99/00

Notes

1. An underlined measurement indicates unreliable data.
2. This measure is presented in family groups in Section 3.
3. Measure 31: Housing Response Repairs: this measure is taken from a 'transitional' indicator, which requires care in interpretation. Each council's performance is assessed against its own locally-set targets.
We have measured the proportion of repairs due to be completed within 24 hours, that were completed in time. This allows broad comparison among councils.
4. Unreliable data has not been ranked.
