A full set of the SPI measures used for this analysis is included at the end of the profile.

In 2002/03 this council had a ranking of 25 or below in indicators 1, 19, 22, 40 and 41. By 2004/05, they had not improved by at least 5% in the following indicators:

Indicator number	Indicator definition
1	Staff qualification – the percentage of care staff who are qualified, working in care homes for older people
19	Primary schools - the percentage of schools in which the ratio of pupils to available places is between 61% and 100%
22	Child care placements – the percentage of children being looked after by the council who are in community placements

Progress towards Best Value

Between 1999 and 2002, the Accounts Commission's Performance Management and Planning (PMP) audit assessed the arrangements that councils' had in place to manage their performance under Best Value. It examined the extent to which councils and their various services had in place the basic building blocks for Best Value, in particular the key management processes required. Comment on the findings of the PMP Audit for the council may be found in the Profiles for 2001/02.

The PMP audits have been superseded by a cyclical programme of Best Value and Community Planning audits. This programme began in early 2004 and aims to cover all 32 councils over three years.

Accounts Commission/Audit Scotland reports (April 2004 to October 2005)

- There were no Accounts Commission statutory reports published on this council during the time period
- The appointed auditor's report on the council's financial statement for the year was unqualified
- The Value for Money report '*Maintaining Scotland's Roads*' (November 2004) looked at the comparative performance of all councils but made no specific mention of Argyll & Bute Council.

Notes

1. An underlined measurement indicates unreliable data.
2. This measure is presented in family groups in Section 3.
3. Unreliable data has not been ranked.

Reason for unreliable determination 2004/05

- 26** - Validation of the audit trails identified errors in recording information. Data in the case log was incomplete and it was not possible to verify 34 records out of 126.
- 27** - No audit trails available to validate 20 out of 43 records.
- 44, 45** - Not all libraries have a computerised system to record active borrowers, instead simply count registered borrowers with no record of whether these members have taken out an item in the year.
- 46, 47** - Existing records cannot identify active users.
