

Glasgow and the Clyde Valley Strategic Development Planning Authority

Annual Audit Plan 2018/19

 AUDIT SCOTLAND

Prepared for Glasgow and the Clyde Valley Strategic Development Planning Authority

March 2019

Who we are

The Auditor General, the Accounts Commission and Audit Scotland work together to deliver public audit in Scotland:

- The Auditor General is an independent crown appointment, made on the recommendation of the Scottish Parliament, to audit the Scottish Government, NHS and other bodies and report to Parliament on their financial health and performance.
- The Accounts Commission is an independent public body appointed by Scottish ministers to hold local government to account. The Controller of Audit is an independent post established by statute, with powers to report directly to the Commission on the audit of local government.
- Audit Scotland is governed by a board, consisting of the Auditor General, the chair of the Accounts Commission, a non-executive board chair, and two non-executive members appointed by the Scottish Commission for Public Audit, a commission of the Scottish Parliament.

About us

Our vision is to be a world-class audit organisation that improves the use of public money.

Through our work for the Auditor General and the Accounts Commission, we provide independent assurance to the people of Scotland that public money is spent properly and provides value. We aim to achieve this by:

- carrying out relevant and timely audits of the way the public sector manages and spends money
- reporting our findings and conclusions in public
- identifying risks, making clear and relevant recommendations.

| Risks and planned work | 4 |
| Audit scope and timing | 8 |

Risks and planned work

1. This annual audit plan contains an overview of the planned scope and timing of our audit and is carried out in accordance with International Standards on Auditing (ISAs), the [Code of Audit Practice](#), and any other relevant guidance. This plan sets out the work necessary to allow us to provide an independent auditor's report on the financial statements and meet the wider scope requirements of public sector audit.

2. The wider scope of public audit contributes to assessments and conclusions on financial management, financial sustainability, governance and transparency and value for money.

Adding value

3. We aim to add value to Glasgow and the Clyde Valley Strategic Development Planning Authority (Clydeplan) through our external audit work by being constructive and forward looking, by identifying areas for improvement and by recommending and encouraging good practice. In so doing, we intend to help Clydeplan promote improved standards of governance, better management and decision making and more effective use of resources.

Audit risks

4. Based on our discussions with staff, attendance at committee meetings and a review of supporting information, we have identified the following main risk areas for Clydeplan. We have categorised these risks into financial risks and wider dimension risks. The key audit risks, which require specific audit testing, are detailed in [Exhibit 1](#).

Exhibit 1 2018/19 Key audit risks

|  Audit Risk | Management's source of assurance | Planned audit work |
|---|--|---|
| Financial statements issues and risks | | |
| <p>1 Risk of management override of controls</p> <p>ISA 240 requires that audit work is planned to consider the risk of fraud, which is presumed to be a significant risk in any audit. This includes consideration of the risk of management override of controls to change the position disclosed in the financial statements.</p> | <p>Owing to the nature of this risk, assurances from management are not applicable in this instance.</p> | <ul style="list-style-type: none"> • Detailed testing of journal entries. • Review of accounting estimates. • Focused testing of accruals and prepayments. • Evaluation of significant transactions that are outside the normal course of business. |
| <p>2 Risk of fraud over income</p> <p>The majority of Clydeplan's income is in the form of requisitions from member authorities. However, a material proportion is generated from</p> | <p>Income is closely monitored and discussed at budget monitoring meetings. Significant differences from actuals</p> | <ul style="list-style-type: none"> • Analytical procedures on income streams. • Detailed testing of income transactions focusing on the areas of greatest risk. |

|  Audit Risk | Management's source of assurance | Planned audit work |
|--|---|---|
| <p>other sources. The extent of income means that, in accordance with ISA 240, there is an inherent risk of fraud.</p> | <p>compared to projected income are investigated.</p> | |
| <p>3 Risk of fraud over expenditure</p> <p>Most public sector bodies are net expenditure bodies and therefore the risk of fraud is more likely to occur in expenditure.</p> <p>The Code of Audit Practice expands the consideration of fraud under ISA 240 to include the risk of fraud over expenditure. This applies to Clydeplan due to the variety and extent of expenditure incurred in delivering services.</p> | <p>Expenditure is closely monitored and discussed at budget monitoring meetings. Significant differences from actuals compared to projected expenditure are investigated.</p> | <ul style="list-style-type: none"> Analytical procedures on expenditure streams. Detailed testing of expenditure transactions focusing on the areas of greatest risk. |
| <p>4 Estimates and Judgements</p> <p>There is a significant degree of subjectivity in the measurement and valuation of the material account area of pensions.</p> <p>Clydeplan's net liability relating to the Strathclyde Pension Fund at 31 March 2018 was £0.193 million. This value is an estimate based on a number of assumptions from the pension fund actuary.</p> <p>This subjectivity represents an increased risk of material misstatement in the financial statements.</p> | <p>Any significant estimates and judgements are clearly explained in the Notes to the Accounts.</p> <p>Where these are required, they are based on the best information available at the time of the estimate and on both a professional and a prudent approach, either by Renfrewshire Council staff, or appointed experts, such as the Pension Fund actuary.</p> | <ul style="list-style-type: none"> Review of the pension actuary and the assumptions made in calculating the estimated pension liability. |
| <p>5 New accounting system</p> <p>Renfrewshire Council implemented an enterprise resource planning system (Business World), in October 2018 which combines finance, HR, payroll and procurement into a single integrated application.</p> <p>The implementation of Business World during the 2018/19 financial year means that the annual accounts will be prepared using information recorded both before and after the change in system, under two different control environments.</p> <p>This introduces additional risks:</p> <ul style="list-style-type: none"> The new control environment may be less robust Data may not be correctly transferred to the new system | <p>Robust financial reconciliations were undertaken at the point of financial data migrating from e5 to Business World at the end of September 2018.</p> <p>A Business World implementation team has supported the transition for staff and processes and will likely be in place for several months.</p> <p>Procurement and HR self-service modules are planned to go live in early 2019.</p> <p>The Annual Accounts 2018/19 will be prepared using new and migrated data from Business World.</p> <p>A new Chart of Accounts is in place, which has</p> | <ul style="list-style-type: none"> Gaining an understanding of Business World by reviewing process maps and through discussions with key officers. Detailed testing of significant transactions processed during the change period and rolled forward balances. Review of account/cost code mapping from legacy system to Business World. The work outlined above will be completed as part of the Renfrewshire Council audit and the Clydeplan audit team will take assurances from that work. |

|  | Audit Risk | Management's source of assurance | Planned audit work |
|---|---|--|--------------------|
| | <ul style="list-style-type: none"> - Differences in the new system may make accounts preparation more challenging <p>The overall impact of the move to Business World is an increased risk of material misstatement in the annual accounts. This affects Clydeplan as Renfrewshire Council is the host authority and Clydeplan uses its accounting system.</p> | <p>been clearly mapped from old to new ledger systems.</p> | |

Wider dimension issues and risks

6 Changes to the Scottish planning system

The Planning (Scotland) Bill was introduced in December 2017. It has been progressing through the parliamentary process and is currently at stage 3.

The draft Bill repealed the statutory requirement to prepare Strategic Development Plans. This would have resulted in the cessation of Clydeplan in its current form. However, numerous amendments and changes to the Bill have been proposed at each stage, which could impact on this provision of the Bill.

There is uncertainty in the outcome and timings, but this could impact on Clydeplan's ability to carry out day to day operations and meet its future objectives.

Stage 3 is expected to commence in April 2019. Management have met with the Scottish Government's Chief Planner and it remains their intention to come back with a revised amendment at that stage which again will seek to remove the statutory duty to prepare a Strategic Development Plan. This is to be replaced with some form of duty on local authorities to undertake some form of regional planning activity. However, exact details of this remain uncertain at this moment in time.

Management will continue to monitor progress of the Planning Bill and contribute to discussions where possible.

- Attendance at Joint Committee meetings and review of Joint Committee meeting papers.
- Discussion with management to monitor and discuss developments.
- Monitor progress of Planning (Scotland) Bill.

Reporting arrangements

5. Audit reporting is the visible output for the annual audit. All annual audit plans and the outputs as detailed in [Exhibit 2](#), and any other outputs on matters of public interest will be published on our website: www.audit-scotland.gov.uk.

6. Matters arising from our audit will be reported on a timely basis and will include agreed action plans. Draft management reports will be issued to the relevant officer(s) to confirm factual accuracy.

7. We will provide an independent auditor's report to Clydeplan and the Accounts Commission setting out our opinions on the annual accounts. We will provide the Accountable Officer and Accounts Commission with an annual report on the audit containing observations and recommendations on significant matters which have arisen during the audit.

Exhibit 2

2018/19 Audit outputs

| Audit Output | Target date | Committee Date |
|------------------------------|------------------|------------------|
| Annual Audit Plan | 22 February 2019 | 11 March 2019 |
| Annual Audit Report | 26 August 2019 | 9 September 2019 |
| Independent Auditor's Report | 26 August 2019 | 9 September 2019 |

Audit fee

8. The proposed audit fee for the 2018/19 audit of Clydeplan is £2,900 (2017/18: £2,810). In determining the audit fee, we have taken account of the risk exposure of Clydeplan, the planned management assurances in place and the level of reliance we plan to take from the work of internal audit. Our audit approach assumes receipt of the unaudited financial statements, with a complete working papers package on 11 June 2019.

9. Where our audit cannot proceed as planned through, for example, late receipt of unaudited financial statements or being unable to take planned reliance from the work of internal audit, a supplementary fee may be levied. An additional fee may also be required in relation to any work or other significant exercises out with our planned audit activity.

Responsibilities

Joint Committee and Treasurer

10. Audited bodies have the primary responsibility for ensuring the proper financial stewardship of public funds, compliance with relevant legislation and establishing effective arrangements for governance, propriety and regularity that enable them to successfully deliver their objectives.

11. The audit of the financial statements does not relieve management or the Joint Committee, as those charged with governance, of their responsibilities.

Appointed auditor

12. Our responsibilities as independent auditors are established by the Local Government (Scotland) Act 1973 and the Code of Audit Practice (including supplementary guidance) and guided by the Financial Reporting Council's Ethical Standard.

13. Auditors in the public sector give an independent opinion on the financial statements and other information within the annual accounts. We also review and report on the arrangements within the audited body to manage its performance, regularity and use of resources. In doing this, we aim to support improvement and accountability.

Audit scope and timing

Financial statements

14. The statutory financial statements will be the foundation and source for most of the audit work necessary to support our judgements and conclusions. We also consider the wider environment and challenges facing the public sector. Our audit approach includes:

- understanding the business of Clydeplan and the associated risks which could impact on the financial statements
- assessing the key systems of internal control, and establishing how weaknesses in these systems could impact on the financial statements
- identifying major transaction streams, balances and areas of estimation and understanding how Clydeplan will include these in the financial statements
- assessing the risks of material misstatement in the financial statements
- determining the nature, timing and extent of audit procedures necessary to provide us with sufficient audit evidence as to whether the financial statements are free of material misstatement.

15. We will give an opinion on whether the financial statements:

- give a true and fair view in accordance with applicable law and the 2018/19 Code of the state of affairs of the body as at 31 March 2019 and of its income and expenditure for the year then ended;
- have been properly prepared in accordance with IFRSs as adopted by the European Union, as interpreted and adapted by the 2018/19 Code; and
- have been prepared in accordance with the requirements of the Local Government (Scotland) Act 1973, the Local Authority Accounts (Scotland) Regulations 2014, and the Local Government in Scotland Act 2003.

characteristics

responsibilities

governance arrangements

Other information in the annual accounts

16. We also review and report on other information published within the annual accounts including the management commentary, annual governance statement and the remuneration report. We give an opinion on whether these have been compiled in accordance with the appropriate regulations and frameworks in our independent auditor's report.

17. We also read and consider any information in the annual accounts other than the financial statements and audited part of the remuneration report and report any uncorrected material misstatements.

Materiality

18. We apply the concept of materiality in planning and performing the audit. It is used in evaluating the effect of identified misstatements on the audit, and of any uncorrected misstatements, on the financial statements and in forming our opinions in the independent auditor's report.

19. We calculate materiality at different levels as described below. The calculated materiality values for Clydeplan are set out in [Exhibit 3](#).

Exhibit 3 Materiality values

| Materiality | Amount |
|---|--------|
| Planning materiality – This is the calculated figure we use in assessing the overall impact of audit adjustments on the financial statements. It has been set at 1% of projected gross expenditure for the year ended 31 March 2019 based on the budget for 2018/19. | £6,000 |
| Performance materiality – This acts as a trigger point. If the aggregate of errors identified during the financial statements audit exceeds performance materiality this would indicate that further audit procedures should be considered. Using our professional judgement, we have calculated performance materiality at 60% of planning materiality. | £3,600 |
| Reporting threshold (i.e., clearly trivial) – We are required to report to those charged with governance on all unadjusted misstatements more than the 'reporting threshold' amount. | £1,000 |

Source: Audit Scotland

Timetable

20. To support the efficient use of resources it is critical that the annual accounts timetable is agreed with us to produce the unaudited accounts. We have included an agreed timetable at [Exhibit 4](#).

Exhibit 4 Financial statements timetable

|  Key stage |  Date |
|---|--|
| Consideration of unaudited financial statements by those charged with governance | 10 June 2019 |
| Latest submission date of unaudited financial statements with complete working papers package | 11 June 2019 |
| Latest date for final clearance meeting with Treasurer/Officers | 16 July 2019 |
| Issue of Letter of Representation and proposed independent auditor's report | 9 September 2019 |
| Agreement of audited unsigned financial statements | 9 September 2019 |
| Issue of Annual Audit Report to those charged with governance | 9 September 2019 |
| Independent auditor's report signed | 11 September 2019 |

Internal audit

21. Internal audit is provided by the internal function at Renfrewshire Council. As part of our planning process we carry out an annual assessment of the internal audit function to ensure that it operates in accordance with Public Sector Internal Audit Standards (PSIAS). This has been carried out by the Renfrewshire Council

audit team and concluded that the internal audit function at Renfrewshire Council complies with the PSIAS and that appropriate documentation standards and reporting procedures are in place.

Using the work of internal audit

22. Auditing standards require internal and external auditors to work closely together to make best use of available audit resources. We seek to rely on the work of internal audit wherever possible to avoid duplication. We plan to consider the findings of the work of internal audit as part of our planning process to minimise duplication of effort and to ensure the total resource is used efficiently or effectively.

Audit dimensions

23. Our standard audits are based on four audit dimensions that frame the wider scope of public sector audit requirements. These are: financial sustainability, financial management, governance and accountability and value for money.

24. The Code of Audit Practice includes provisions relating to the audit of small bodies. Where the application of the full wider audit scope is judged by auditors not to be appropriate to an audited body then the annual audit work can focus on the appropriateness of the disclosures in the governance statement and the financial sustainability of the body and its services. In the light of the volume and lack of complexity of the financial transactions, we plan to apply the small body provisions of the Code to the 2018/19 audit of Clydeplan.

Financial sustainability

25. As auditors we consider the appropriateness of the use of the going concern basis of accounting as part of the annual audit. We will also comment on Clydeplan's financial sustainability in the longer term. We define this as medium term (two to five years) and longer term (longer than five years) sustainability. We will carry out work and conclude on:

- the effectiveness of financial planning in identifying and addressing risks to financial sustainability in the short, medium and long term
- the appropriateness and effectiveness of arrangements in place to address any identified funding gaps
- whether Clydeplan can demonstrate the affordability and effectiveness of funding and investment decisions it has made.

Governance and transparency

26. Governance and transparency is concerned with the effectiveness of scrutiny and governance arrangements, leadership and decision making and transparent reporting of financial and performance information. We will review, conclude and report on the appropriateness of disclosures in the annual governance statement.

Independence and objectivity

27. Auditors appointed by the Accounts Commission or Auditor General must comply with the Code of Audit Practice and relevant supporting guidance. When auditing the financial statements auditors must also comply with professional standards issued by the Financial Reporting Council and those of the professional accountancy bodies. These standards impose stringent rules to ensure the independence and objectivity of auditors. Audit Scotland has robust arrangements in place to ensure compliance with these standards including an annual "fit and proper" declaration for all members of staff. The arrangements are overseen by the Director of Audit Services, who serves as Audit Scotland's Ethics Partner.

28. The engagement lead (i.e. appointed auditor) for Clydeplan is Mark Ferris, Senior Audit Manager. Auditing and ethical standards require the appointed auditor to communicate any relationships that may affect the independence and objectivity

of audit staff. We are not aware of any such relationships pertaining to the audit of Clydeplan.

Quality control

29. International Standard on Quality Control (UK and Ireland) 1 (ISQC1) requires that a system of quality control is established, as part of financial audit procedures, to provide reasonable assurance that professional standards and regulatory and legal requirements are being complied with and that the independent auditor's report or opinion is appropriate in the circumstances.

30. The foundation of our quality framework is our Audit Guide, which incorporates the application of professional auditing, quality and ethical standards and the Code of Audit Practice (and supporting guidance) issued by Audit Scotland and approved by the Auditor General for Scotland. To ensure that we achieve the required quality standards Audit Scotland conducts peer reviews and internal quality reviews. Additionally, the Institute of Chartered Accountants of Scotland (ICAS) have been commissioned to carry out external quality reviews.

31. As part of our commitment to quality and continuous improvement, Audit Scotland will periodically seek your views on the quality of our service provision. We welcome feedback at any time and this may be directed to the engagement lead.
