## About this report

report has been prepared in accordance with Terms of Appointment Letter from Audit Scotland dated 31 May 2016 through which the Auditor General for Scotland has appointed us as external auditor of North East Scotland College (the College) for financial years 2016/17 to 2021/22. As a result of the impact of Covid-19 our appointment was extended by a further 12 months to include the financial year 2021/22. We undertake our audit in accordance with the Public Finance and Accountability (Scotland) Act 2000 and our responsibilities as set out within Audit Scotland's Code of Audit Practice. This report is for the benefit of the College and is made available to the Auditor General for Scotland and Audit Scotland. This report has not been designed to be of benefit to anyone except the recipients. In preparing this report we have not taken into account the interests, needs or circumstances of anyone apart from the recipients, even though we may have been aware that others might read this report.

Any party other than the Recipients that obtains access to this report or a copy (under the Freedom of Information Act 2000, the Freedom of Information (Scotland) Act 2002, through a Recipient's Publication Scheme or otherwise) and chooses to rely on this report (or any part of it) does so at its own risk. To the fullest extent permitted by law, Ernst & Young LLP does not assume any responsibility and will not accept any liability in respect of this report to any party other than the Recipients

## Complaints

If at any time you would like to discuss with us how our service to you could be improved, or if you are dissatisfied with the service you are receiving, you may take the issue up with Stephen Reid who is our partner responsible for services under appointment by Audit Scotland, telephone 0131 777 2839, email sreid2@uk.ey.com. If you prefer an alternative route, please contact Hywel Ball, our Managing Partner, 1 More London Place, London SE1 2AF. We undertake to look into any complaint carefully and promptly and to do all we can to explain the position to you. Should you remain dissatisfied with any aspect of our service, or with how your complaint has been handled, you can refer the matter to Audit Scotland, 4th Floor, 102 West Port, Edinburgh, EH3 9DN. Alternatively you may of course take matters up with our professional institute. We can provide further information on how you may contact our professional institute.

# Executive Summary: Key Conclusions from our 2021/22 audit

---

**We have issued an unqualified audit opinion on the College's 2021/22 financial statements.**

## **Financial Statements**

We have concluded our audit of the College's financial statements for the year ended 31 July 2022. Six audit adjustments were required to be made, There are no unadjusted differences that we are required to communicate. The draft financial statements and supporting working papers were provided in line with the agreed audit timetable and were of a good standard. We worked with the finance team to make minor improvements to financial statement disclosures.

We concluded that the other information subject to audit, including the applicable parts of the Remuneration Report and the Annual Governance Statement were appropriate. We were satisfied that the disclosures reflect the College's compliance with the *Code of Good Governance for Scotland's Colleges*.

## **Going Concern**

---

**We continued to review and update our risk assessment throughout the audit, including the materiality level applied. No changes were required as a result of this assessment.**

In accordance with the Government Financial Reporting Manual ('the FReM'), the College prepares its financial statements on a going concern basis unless informed by the Scottish Government of the intention for dissolution without transfer of services or function to another entity.

Under a revised auditing standard, ISA 570, we are required to undertake greater challenge of management's assessment of going concern, including testing of the adequacy of the supporting evidence we obtained. The College has concluded that there are no material uncertainties around its going concern status, however it has continued to include enhanced disclosures around its future financial position in the financial statements to reflect the impact of Covid-19 and inflationary pressures. We have no matters to report in respect of our work around going concern or the conclusions reached by the College.

## Wider Scope

We summarise the conclusions we reached in response to our work on the wider scope dimensions below.

### Financial Sustainability

The financial environment in which the College operates was already challenging, and the Covid-19 pandemic alongside the impact of the economic and geopolitical environments, including supply chain challenges, has resulted in further, significant financial pressures, and creates a risk that the College will not be able to develop viable and sustainable financial plans.

The College submitted a financial forecast return in October 2022 to the Scottish Funding Council which outlines a cumulative underlying operating deficit position over the five years of £4.2 million. Under the scenario submitted, the College estimates that reductions in headcount equivalent to 26 full-time equivalent staff will be required.

Our assessment of red also reflects the ongoing challenges facing colleges and the level of risk and uncertainty outside the College's control which could impact its ability to deliver savings and grow commercial income.

### Financial Management

The College reported an adjusted operating surplus of £0.68 million, representing a decrease of £1.7 million compared to 2020/21. We were satisfied that the College's financial monitoring and reporting was clear and consistent throughout the year.

The College has an established budget setting and monitoring framework which includes presentation of financial updates to the Board and Finance, and Resources Committee throughout the year. We note that the College's Vice Principal - Finance and Resources left in September 2022 and a recruitment process is underway for his replacement. We were satisfied that interim arrangements were appropriate.

### Governance & Transparency

The key features of good governance have remained in place at the College and have been operating effectively throughout the year. The Chair of the Regional Board retired in February 2022, and there were delays in the recruitment exercise run by the Scottish Government on behalf of the College. We were, however, satisfied that interim arrangements were effective and we note that a Chair was appointed in October 2022.

The Regional Board considered an updated Governance Manual in March 2022, which adopted the Model Code of Conduct, issued by the Standards Commission for Scotland.

The College's Audit and Risk Committee has continued to monitor progress in response to the significant issues highlighted in internal audit's IT Network Arrangements / Data Protection report, issued in May 2021.

### Value for Money

The College Board considered regular updates against the Strategic Plan throughout the year. We were satisfied that performance reporting remained effective, drawing upon benchmarking information from other Scottish colleges. Performance remained challenging in 2021/22 as a result of the lasting legacy of the pandemic. Targets were set for only 9 of the 27 Key Strategic Indicators, and only 3 were achieved in 2021/22.

The College has highlighted a particular weakness in the learner success rates for fulltime FE students. During 2020/21, 56.7% of learners completed their course successful, against a national average of 61.3%. We do, however, note that student satisfaction has remained high. Work is underway to update strategic planning to respond to the significant challenges facing the College and the wider FE sector.

# Introduction

## Purpose of this report

In accordance with the Public Finance and Accountability (Scotland) Act 2000 (“the Act”), the Auditor General for Scotland appointed EY as the external auditor of North East Scotland College (the College) for the five year period 2016/17 to 2020/21. Our appointment term was extended by a further 12 months, to financial year 2021/22. We undertake our audit in accordance with the Code of Audit Practice (the Code), issued by Audit Scotland in May 2016; Auditing Standards and guidance issued by the Financial Reporting Council; relevant legislation; and other guidance issued by Audit Scotland.

This Annual Audit Report is designed to summarise our key findings and conclusions from our audit work. It is addressed to both members of the Board of Governors and the Auditor General for Scotland, and is presented to those charged with governance. This report is provided to Audit Scotland and will be published on their website.

We draw your attention to the fact that our audit was not designed to identify all matters that may be relevant to the College. Our views on internal control and governance arrangements have been based solely on the audit procedures performed in respect of the audit of the financial statements and the other procedures performed in fulfilling our Annual Audit Plan.

A key objective of our audit reporting is to add value by supporting the improvement of the use of public money. We aim to achieve this through sharing our insights from our audit work, our observations around where the College employs best practice and where practices can be improved. We use these insights to form our audit recommendations to support the College in improving its practices around financial management and control, as well as around key aspects of the wider scope dimensions of audit. Such areas we have identified are highlighted throughout this report together with our judgements and conclusions regarding arrangements, and where relevant recommendations and actions agreed with management. We also report on the progress made by management in implementing previously agreed recommendations.

## Our independence

We confirm that we have undertaken client and engagement continuance procedures, which include our assessment of our continuing independence to act as external auditor. Further information is available in Appendix B.

As a result of the impact of Covid-19, Audit Scotland agreed to extend our appointment as external auditor of the College to 2021/22.

## Scope and Responsibilities

The Code sets out the responsibilities of both the College and the auditor (summarised in Appendix A). We outlined these in our Annual Audit Plan, which was presented to the College's Audit and Risk Committee in June 2022.

### Our review and reassessment of materiality

Our Annual Audit Plan explained that our audit procedures would be performed using a materiality of £1.07 million. We considered whether any change to our materiality was required, including due to the College's 2021/22 financial performance. No change was required as a result of this assessment.

Our evaluation requires professional judgement and so takes into account qualitative as well as quantitative considerations. Factors which we consider include the perspectives and expectations of users of the financial statements as well as our risk assessment as to the likelihood of material misstatements arising in the financial statements.

Overall Materiality	Tolerable Error	Nominal amount
<b>£1,068,000</b>	<b>£800,000</b>	<b>£53,000</b>
2% of the College's operating expenditure	Materiality at an individual account level	Level that we will report to committee

As outlined in our Annual Audit Plan, based on considerations around the expectations of financial statement users and qualitative factors, we apply lower materiality levels to the audit of the Remuneration Report and Related Party Transactions.

### Financial statement audit

We are responsible for conducting an audit of the College's financial statements. We provide an opinion as to:

- ▶ whether they give a true and fair view of the state of affairs of the College as at 31 July 2022 and the deficit for the year then ended;
- ▶ whether they have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- ▶ whether they have been prepared in accordance with the requirements of the Further and Higher Education (Scotland) Act 1992 and directions made thereunder by the Scottish Funding Council, the Charities and Trustee Investment (Scotland) Act 2005, and regulation 14 of The Charities Accounts (Scotland) Regulations 2006 (as amended).

We also review and report on the consistency of the other information prepared and published along with the financial statements. Our findings are summarised in Section 2 of this report.

### **Wider Scope audit**

Our responsibilities extend beyond the audit of the financial statements. The Code requires auditors to provide judgements and conclusions on the four dimensions of wider scope public audit:

- ▶ Financial management;
- ▶ Financial sustainability;
- ▶ Governance and transparency; and
- ▶ Value for money.

Our findings are summarised in Section 3 of this report.

# Financial Statements audit

## Introduction

The financial statements provide the College with an opportunity to demonstrate accountability for the resources that it controls, and report on its overall performance in the application of those resources during the year.

This section of our report summarises the audit work undertaken to support our audit opinion, including our conclusions in response to the significant and other risks identified in our Annual Audit Plan.

The plan highlighted two areas that we identified as a significant risk of material misstatement or fraud risk:

- ▶ the risk of fraud in revenue and expenditure recognition (significant risk); and
- ▶ misstatements due to fraud or error (fraud risk).

## Compliance with Regulations

The draft financial statements and supporting working papers were submitted for audit in line with planned timescales.

As part of our oversight of the College's financial reporting process, we report on our consideration of the quality of working papers and supporting documentation prepared, predominantly by the finance team, to support the audit.

The financial statements were prepared in accordance with the Further and Higher Education (Scotland) Act 1992 and directions made thereunder issued by the Scottish Funding Council (SFC), the Charities and Trustees Investment (Scotland) Act and regulation 14 of The Charities Accounts (Scotland) Regulations 2006 (as amended).

Management provided draft financial statements at the start of the audit, in line with the agreed timetable. The financial statements had been updated for the new requirements as outlined in the SFC's 2021/22 Accounts Direction for colleges.

### **Audit Outcomes**

We identified six adjusted audit differences arising from the audit which have been reflected within the financial statements. The differences related to:

- ▶ Reclassification adjustments in relation to the Gordon Centre and Balgownie Centre;
- ▶ Errors within accruals; and
- ▶ Updates in relation to expenditure classified as minor works but for areas that we consider to be capital in nature.

Our overall audit opinion is summarised on the following page.

# Our audit opinion

Element of opinion	Basis of our opinion	Conclusions
<p><b>Financial statements</b></p> <p>The financial statements provide a true and fair view of the state of affairs of the College at 31 July 2022 and of the deficit for the year then ended.</p> <p>The financial statements are prepared in accordance with the financial reporting framework</p>	<p>We report on the outcomes of our audit procedures to respond to our assessed risk of misstatements, including significant risks within this section of our report. We did not identify any areas of material misstatement.</p> <p>We are satisfied that accounting policies are appropriate and estimates are reasonable.</p> <p>We have considered the financial statements against the financial reporting requirements, and additional guidance issued by the SFC and Audit Scotland.</p>	<p>We issued an unqualified audit opinion on the 2021/22 financial statements for the College and Group.</p>
<p><b>Going concern</b></p> <p>We are required to conclude and report on the appropriateness of the use of the going concern basis of accounting</p>	<p>We conduct core financial statements audit work, including management's assessment of the appropriateness of the going concern basis.</p> <p>Wider scope procedures, including financial forecasts are considered as part of our work on financial sustainability.</p>	<p>In accordance with the work reported in this report, our audit opinion is unqualified in this respect.</p>
<p><b>Other information</b></p> <p>We consider whether the other information in the financial statements is materially inconsistent with other knowledge obtained during the audit</p>	<p>We conduct a range of substantive procedures on the financial statements. Our conclusion draws upon review of committee minutes and papers, discussions with management, our understanding of the College and the sector. We noted one missing disclosure in relation to the Accounts Direction (disability profile section).</p>	<p>We are satisfied that the annual report materially meets the core requirements set out in the Accounts Direction.</p>
<p><b>Report on regularity of income and expenditure</b></p> <p>We are required to consider whether in all material respects the income and expenditure in the financial statements were incurred or applied in accordance with any applicable enactments and guidance issued by Scottish Ministers</p>	<p>Our procedures include:</p> <ul style="list-style-type: none"> <li>▶ Understanding the applicable enactments and guidance issued by the Scottish Ministers</li> <li>▶ Performed detailed testing of income and expenditure testing to ensure transactions are in line with enactments and guidance</li> </ul>	<p>We are satisfied that in all material respects income and expenditure are regular.</p>
<p><b>Matters prescribed by the Auditor General for Scotland</b></p> <p>Audited part of Remuneration Report has been properly prepared.</p> <p>The Performance Report and Annual Governance Statement are consistent with the financial statements and have been properly prepared.</p>	<p>We are required to report on whether the sections of the Remuneration and Staff Report, and Accountability Report have been properly prepared in accordance with the Further and Higher Education (Scotland) Act 1992 and directions made thereunder by the Scottish Funding Council.</p>	<p>We have no matters to report.</p>
<p><b>Matters on which we are required to report by exception</b></p>	<p>We are required to report on whether:</p> <ul style="list-style-type: none"> <li>▶ adequate accounting records have not been kept; or</li> <li>▶ the financial statements and the audited part of the Remuneration and Staff Report are not in agreement with the accounting records; or</li> <li>▶ we have not received all the information and explanations we require for our audit</li> </ul>	<p>We have no matters to report.</p>

# Significant and fraud audit risks

## **Risk of Fraud in income and expenditure recognition**

As we outlined in our Annual Audit Plan, ISA (UK) 240 requires us to assume that fraud risk from income recognition is a significant risk. In the public sector, we extend our consideration to the risk of material misstatement by manipulation of expenditure.

As outlined in our audit planning report, we rebut the risk of improper recognition of SFC core grant funding because there is no judgement in respect of this income stream. With regards to expenditure, we rebut the risk of improper recognition of payroll expenditure.

## **Specific procedures relating to significant risks**

We undertake specific, additional procedures over income and expenditure streams where we identified a significant risk, including:

- ▶ Review and test all relevant income and expenditure policies against the relevant accounting standards and SORP;
- ▶ Review, test and challenge management around any accounting estimates on income and expenditure recognition for evidence of bias;
- ▶ Develop a testing strategy to test all material income and expenditure streams;
- ▶ Test all material grant income with performance conditions to ensure income is recognised correctly in line with the outlined requirements;
- ▶ Review and perform focused testing on income and expenditure around the year end to ensure correct recognition around cut-off between financial periods;
- ▶ Perform testing for any evidence of clawback of income where conditions for entitlement have not been met;
- ▶ Review and develop a testing strategy for Covid-19 related income streams, including additional Covid-19 related grant income; and
- ▶ Assess and challenge manual adjustments or journal entries by management around the year end for evidence of management bias and evaluation of business rationale and evidence.

## **Our conclusions**

- ▶ Our testing has not identified any material misstatements relating to revenue and expenditure recognition. We did not identify any areas of significant estimation or judgement as part of our audit work in these areas.
- ▶ We identified two audit differences in respect of our detailed testing of income and expenditure, which are outlined in Appendix D.
- ▶ We have assessed the treatment of Covid-19 related income streams, including additional Covid-19 related grant income. We concur with management's accounting treatment for the revenue streams.

### **Risk of management override**

Our Annual Audit Plan recognises that under ISA (UK) 240, management is considered to be in a unique position to perpetrate fraud in financial reporting because of its ability to manipulate accounting records directly or indirectly by overriding controls that otherwise appear to be operating effectively. We respond to this risk on every engagement.

### **Risk of Fraud**

We considered the risk of fraud, enquired with management about their assessment of the risks of fraud and the controls to address those risks. We also updated and developed our understanding of the oversight of those charged with governance over management's processes over fraud.

### **Testing on Journal Entries**

We tested the appropriateness of manual journal entries recorded in the general ledger and other adjustments made in the preparation of the financial statements.

We obtained a full list of journals posted to the general ledger during the year, and used our bespoke data analysers to identify potentially unusual journals based on posting patterns, amounts or areas of greater risk of judgement or incentive for management to adjust according to our identified risk areas for the audit. We evaluated the business rationale for any significant unusual transactions. In particular we considered:

- ▶ Journal entries made directly into the general ledger of a material nature to key accounts which are considered more likely to have an incentive to be manipulated;
- ▶ Journals entries made around year end; and
- ▶ Journals adjusting between income and expenditure accounts and capital accounts.

We identified no unusual journals which could not be explained by management or which indicated any additional risk of fraud.

### **Our conclusions**

- ▶ We have not identified any material weaknesses in the design and implementation of controls around journal processing. We did not identify any instances of evidence of management override of controls.
- ▶ There was no disagreement during the course of the audit over any accounting treatment or disclosure and we encountered no significant difficulties in the audit.

## **Judgements and Estimates**

ISA (UK) 540 on accounting estimates was issued in December 2019 and was applicable to the 2020/21 audit for the first time with a continuing focus in 2021/22. In particular, risk factors relevant to the public sector included the following examples for consideration by auditors:

- ▶ a very high degree of estimation uncertainty caused by the need to project forecasts far into the future, such as liabilities relating to defined benefit pension schemes; and
- ▶ areas where there may be a lack of available comparators for estimates that are unique to the public sector, such as the valuation of important public assets (such as property, plant and equipment).

Our procedures included:

- ▶ Testing management's process method, key assumptions, data;
- ▶ Testing management's process-estimation uncertainty;
- ▶ Considering evidence from events up to the report date; and
- ▶ Developing our own point estimate of the appropriate estimate.

We reviewed each significant accounting estimate for evidence of management bias as outlined above, including retrospective consideration of management's prior year estimates.

Management disclosed its assessment of the critical accounting judgements and key estimates in the financial statements.

## **Accounting Policies**

We considered the consistency and application of accounting policies, and the overall presentation of financial information. We consider the accounting policies adopted by the College to be appropriate. There were no significant accounting practices which materially depart from what is acceptable under the Further and Higher Education SORP 2019.

### **Our conclusions**

- ▶ We did not identify any areas of significant estimation or judgement as part of our audit work where we disagreed with management over the accounting treatment.
- ▶ There were no significant accounting practices which materially depart from what is acceptable under the College's financial reporting framework.

## Valuation of Property, Plant and Equipment

The College's property, plant and equipment (PPE) portfolio totals £104.6 million of assets (2021: £97.3 million). The valuation of these assets requires expertise and significant estimation. To meet the requirements of the accounting framework, the College values its property, plant and equipment on at least a 5 yearly cycle with regular desktop valuations in interim years.

Land and Buildings were subject to full independent valuation for the purpose of the financial statements in 2019/20. In 2021/22, the College obtained a desktop valuation from their external valuer which indicated that the changes in value were sufficiently material to warrant update within the accounts. One of the reasons for the significance was the change in the basis of valuation for the Gordon Centre, as it is no longer an operational asset. This had the impact of reducing the carrying value by £2.6 million.

To address the significant risk, our work focused on the following key areas:

- ▶ Considered the work performed by the College's valuers, including the adequacy of the scope of the work performed, their professional capabilities and the results of their work.
- ▶ Sample tested key asset information used by the valuers in performing their valuation based on both size of asset value and our consideration of risk assigned to each valuation (e.g. floor plans to support valuations based on price per square metre).
- ▶ Assessed the accounting for costs incurred to date in respect of the new learning campus ensuring an appropriate split between revenue and capital expenditure.
- ▶ Completed procedures designed to address the requirements of the revised ISA 540.

### Our conclusions

- ▶ As a result of our review, we agreed with management that two assets would be recategorised within the financial statements. As the Gordon Centre is now tenanted, we agreed that this should now be classed as an Investment Property. As the Balgownie Centre is not expected to be sold within the next 12 months we agreed that it was no longer appropriate to class it as an Asset Held for Sale.
- ▶ We identified one judgemental audit adjustment related to the College's valuation of assets in 2021/22. Based on a review of the expenditure for Minor Works, we identified categories of expenditure, including LED lighting and improvement works, that we would expect to be capitalised.
- ▶ We concluded that management has undertaken sufficient procedures to identify any further assets which should be revalued before their cycle valuation date.

# Other Inherent Risk Areas

Our Annual Audit Plan highlighted additional areas of inherent risk. We identified no further areas of risk as part of our audit procedures. The results of our procedures on our inherent risk area is summarised below.

## Valuation of pension assets and liabilities

The College participates in two pension schemes: the Local Government Pension Scheme, North East Scotland Pension Fund (NESPF) and the Scottish Public Pensions Scheme (SPPA). At 31 July 2022, the College's share of the local government pension scheme was £4.9 million (2020/21: £23.3 million net liability).

The present value of the unfunded obligation in relation to early retirements agreed in previous years was £5.8 million (2020/21: £6.1 million).

Accounting for both schemes involves significant estimation and judgement and therefore management engages an actuary to undertake the calculations on their behalf. The information disclosed is based on the FRS 102 report issued to the College by the actuary. ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.

Our approach included:

- ▶ obtaining an actuarial report at the year end date for the scheme and considering the reasonableness and consistency of actuarial assumptions underpinning such reports in conjunction with our internal specialists;
- ▶ performing substantive testing on the verification of the pension assets. Specifically, we engage with the auditor of NESPF in line with the assurance protocols laid out by Audit Scotland. We also analysed the fund's estimated asset position at 31 July 2022 from the prior year end against expectations based on equity and other market movements;
- ▶ developing our own point estimate for the College's liabilities in the Fund and comparing to the actuary's assessment;
- ▶ assessing the work of the actuaries in considering the impact of legal rulings impacting the liabilities in the fund; and
- ▶ reviewing the calculation of the College's valuation of future early retirement liabilities at 31 July 2022, including the integrity of the underlying pensioner data used by the actuary and College.

## Our conclusions

- ▶ We assessed the reasonableness of the calculation of the College's share of the Fund's assets and liabilities and concluded these are consistent with our expectations. No issues were reported by the auditor of the Fund in respect of the Funds controls or reported asset position. We did, however, identify one adjustment in Appendix D. The latest revaluation by actuaries of the net liability attributable to North East Scotland College resulted in a surplus position. The adjustment relates to the removal of a negative provision.
- ▶ Assumptions used by the actuary and adopted by the College are considered to be generally acceptable. The sensitivities surrounding these assumptions have been correctly disclosed in the notes to the financial statements.

# Going concern

Under the revised auditing standard, ISA 570, we are required to undertake greater challenge of management's assessment of going concern, including testing of the adequacy of the supporting evidence we obtained.

International Auditing Standard 570 Going Concern, as applied by Practice Note 10: *Audit of financial statements of public sector bodies in the United Kingdom*, requires auditors to undertake sufficient and appropriate audit procedures to consider whether there is a material uncertainty on going concern that requires reporting by management within the financial statements, and within the auditor's report. In accordance with the FReM, the College shall prepare its financial statements on a going concern basis unless informed by the relevant national body of the intention for dissolution without transfer of services or function to another entity.

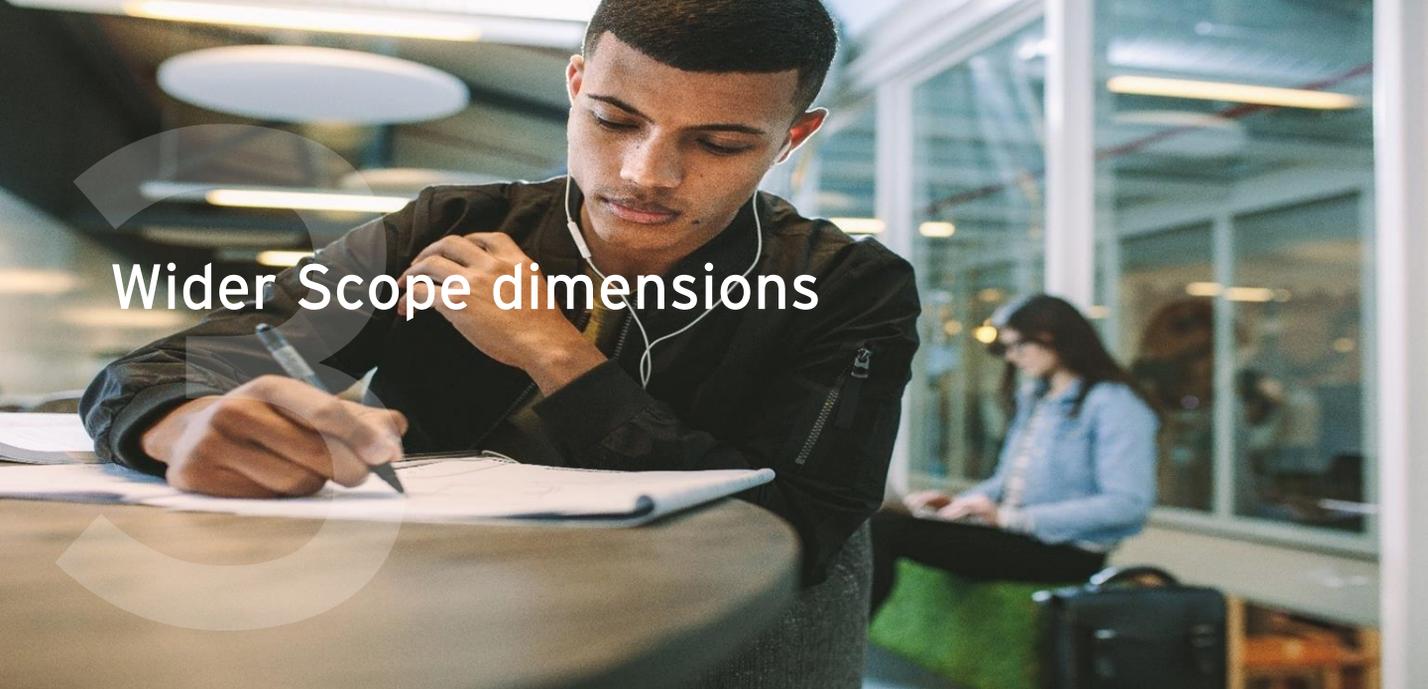

However, under the revised auditing standard, ISA 570, we are required to undertake greater challenge of management's assessment of going concern, including testing of the adequacy of the supporting evidence we obtained. In light of the unprecedented nature of Covid-19, the ongoing cost of living crisis and inflationary pressures, we placed increased focus on management's assertion regarding the going concern basis of preparation in the financial statements, and particularly the need to report on the impact of financial pressures on the College and its financial sustainability. Management's going concern assessment and associated disclosures cover the 12 month period from the date of approval of the financial statements to December 2023.

After completing its going concern assessment in line with the information and support provided through earlier discussions in the audit process, the College has concluded that there are no material uncertainties around its going concern status. We have outlined our consideration of the College's financial position going forward in the financial sustainability section of this report. We considered this in conjunction with management's assessment on going concern, focusing on:

- ▶ the completeness of factors considered in management's going concern assessment;
- ▶ the integrity and robustness of the underlying cash flow forecasts supporting future financial projections, in particular if the College projects to require financial support during the going concern assessment period; and
- ▶ the completeness of disclosures in the financial statements in relation to going concern and future financial performance in line with the requirements of the SFC 2021/22 Accounts Direction.

## Our conclusions

- ▶ We reviewed and challenged the going concern assessment provided by management. We verified the assessment to supporting information, including key College reports and financial forecast returns. We concur with management's assessment that there are no material uncertainties in relation to the going concern of the College.

# Wider Scope dimensions

## Introduction

We are required to reach conclusions in relation to the effectiveness and appropriateness of the College's arrangements for the four wider scope audit dimensions.

We apply our professional judgement to risk assess and focus our work on each of the wider scope dimensions. For each of the dimensions, we have applied a RAG rating, which represents our assessment on the adequacy of the College's arrangements throughout the year, as well as the overall pace of improvement and future risk associated with each dimension.

- ▶ **Financial Sustainability:** Considers the medium and longer term outlook to determine if planning is effective to support service delivery.
- ▶ **Financial Management:** Considers the effectiveness of financial management arrangements, including whether there is sufficient financial capacity and resources, sound budgetary processes and whether the control environment and internal controls are operating effectively.
- ▶ **Governance and Transparency:** Considers the effectiveness of scrutiny and governance arrangements and the transparent reporting of financial and performance information.
- ▶ **Value for Money:** Considers whether value for money can be demonstrated in the use of resources and the focus on continuous improvement.

# Financial Sustainability

**Our overall  
assessment:  
Red**

The financial environment in which the College operates was already challenging, and the Covid-19 pandemic alongside the impact of the economic and geopolitical environments, including supply chain challenges, has resulted in further, significant financial pressures, and creates a risk that the College will not be able to develop viable and sustainable financial plans.

The College submitted a financial forecast return in October 2022 to the Scottish Funding Council which outlines a cumulative underlying operating deficit position over the five years of £4.2 million. Under the scenario submitted, the College estimates that reductions in headcount equivalent to 26 full time equivalent staff will be required. Further uncertainties, including pay awards and underlying inflation, may require further reductions.

Our assessment of red also reflects the ongoing challenges facing colleges and the level of risk and uncertainty outside the College's control which could impact it's ability to deliver savings and grow commercial income.

## **The context for financial sustainability in the College sector**

The Scottish Government's 'Resource Spending Review' was published on 31 May 2022 and sets out the high level parameters for resource spend within future Scottish budgets up to 2026-27. The plan is focused on how the Scottish Government will allocate funding to achieve their strategic outcomes and priorities:

- ▶ Tackling child poverty;
- ▶ Addressing the climate crisis;
- ▶ Securing a stronger, fairer, greener economy; and
- ▶ Delivering excellent public services.

The review sets out that there will be no increases to the Scottish Funding Council budget, who in turn provide funding to the College sector. While the spending review is not a finalised budget, it provides the sector with an indication of likely funding allocations. Colleges Scotland estimates that Colleges are facing a real terms budget cut of £51.9 million in 2022/23.

The Scottish Parliament's Finance and Public Administration Committee launched a call for views on Scotland's public finances and the impact of both the cost of living crisis and public service reform in August 2022. This consultation has included seeking views on the priorities within the Resource Spending Review and how the Scottish Government should respond to inflationary pressures and the cost of living crisis within its 2023/24 budget.

The Scottish Funding Council published their report, 'Financial Sustainability of Colleges and Universities in Scotland' in March 2022. This paper set out that the sector had managed the impact of Covid-19 more positively than originally anticipated however the longer term financial sustainability remains challenging.

The Covid-19 pandemic led to increased reliance on SFC income across the College sector, which will create further challenges if flat cash settlements occur in future financial years.

Under the SFC projections, the sector collectively was expected to deliver a combined surplus of £16.7 million in 2020/21, deteriorating to a deficit of £5.6 million in 2021/22.

Colleges remain heavily dependent on SFC grant funding with this income accounting for 79% of total income at a sector level in 2020/21. This illustrates the reliance that colleges have on funding which is expected to reduce in real terms moving forward. For colleges to remain financially sustainable, growth in other income as well as reductions in their cost base will be required. The continued impact of Covid-19 has resulted in challenges for colleges to achieve their student recruitment and retention targets as well as other income targets.

The Scottish Government and SFC are starting to take forward the recommendations within the SFC review on the provision and sustainability of further and higher education and research across Scotland, published in June 2021. The current financial outlook stresses the importance of the recommendations within this review being implemented as early as possible. A further update is expected in 2023 when the Scottish Government is due to set out the future role of the college and university sectors.

The turbulent financial environment creates significant challenges for college's ability to prepare robust financial plans.

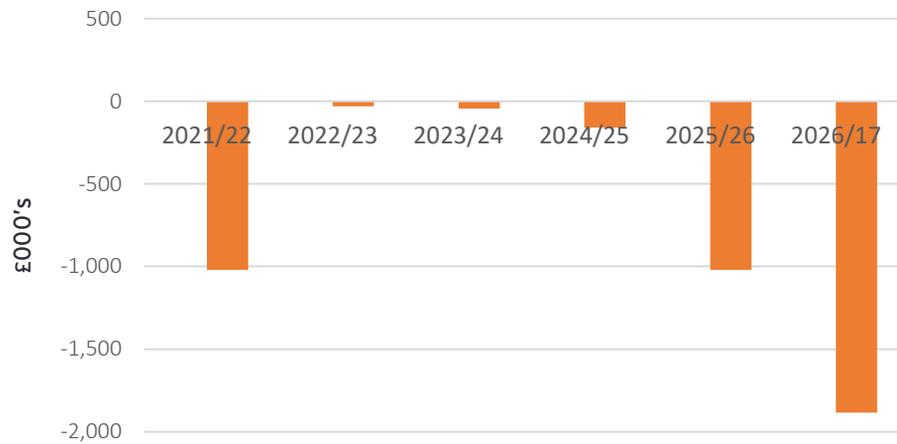

### **Medium term financial forecasting**

The College prepared a five-year financial forecast for the period 2022 to 2027 and submitted this to the SFC in the form of the template Financial Forecast Return ('FFR'). While the SFC encourages colleges to submit a breakeven FFR, despite planning for staffing reductions, the College submitted an FFR highlighting significant deficits across the planning period.

As Exhibit 1 demonstrates, the College's analysis anticipates deficits in each of the five years of the plan, rising to a deficit of £1.89 million in 2026/27. This represents a significant worsening of the College's financial position compared to the equivalent projections in 2021, where a surplus was expected to be delivered by 2023-24.

The College's forecasts recognise the challenge associated with significant uncertainty in the current environment, particularly in relation to pay awards and inflation. Under the scenario submitted to the SFC, the College estimates that reductions in staff headcount equivalent to 26 full time equivalent will be required. Any scenarios where the costs increase against SFC projections, such as utility costs or an increased pay award are likely to require further staffing reductions. Following several years of budget pressures, the College's ability to achieve non-pay savings is challenging.

**Exhibit 1: The College's FFR scenarios highlight the significant financial challenges facing the College in future periods and the significant savings and income growth required to deliver a balanced budget.**

Source: North East Scotland College Financial Forecast Return, October 2022

Student numbers continue to remain an area of challenge and focus. The pandemic had a significant impact on the ability to deliver and complete practical courses, while one of the legacies has been a change in student behaviour. Many students that would normally be expected to enrol at college have opted to stay at school, or to go straight to University. In response, the College has engaged directly with the SFC to address some of the historical funding disadvantage associated with large city campuses where the rate paid per credit is effectively lower than other colleges.

The SFC has agreed a lower credit target for 2022/23, while maintaining the initial flat cash core teaching funding. This has the effect of increasing the average value of each credit by 4.1% against 2021/22 levels.

**Other income**

Audit Scotland note within Scotland's Colleges 2022 that colleges are increasingly reliant on public funding. Across Scotland, other income fell by 14%, mainly due to the loss of commercial income. The Regional Boards' Strategic Plan set out an ambition to increase commercial income year on year to reduce overall reliance on SFC funding. During 2021/22, the Flexible Workforce Development Fund (FWDF) had its strongest performance since the scheme was launched in 2017. The College achieved £1.7 million of contractual commitment from employers against a target of £1.9 million (around 90%). However, the FFR continues to predict that SFC funding will account for around 79% of the Colleges income, in line with the sector average. Prior to the impact of the pandemic, the College set a target to achieve 23% of income from non-SFC sources.

### Going concern cash flow forecasting

We outlined our work in respect of going concern earlier in this report. While the College has prepared its financial statements on a going concern basis as required by the FReM for a public body, it is required to consider its ability to meet liabilities as they fall due over the going concern assessment period to December 2023, being 12 months from the approval date for the financial statements.

As part of its financial forecasting arrangements the College has forecast its cash flow during this period, which includes modelling the impact of a number of sensitivities which may be impacted by the current uncertainty around the 2022/23 and 2023/24 academic years as a result of pay and other inflationary pressures. As part of the FFR submission, the College has projected cashflows to 31 July 2023 with a closing balance of £6.6 million and £4.1 million to 31 July 2024. While this is a significant fall in the projected cash balances (the college held cash balances at 31 July 2022 of £8.5 million), we note that this would return the College to pre-Covid levels of cash.

The College's cash flow forecasts demonstrates it has headroom of £2.7 million at the lowest point in its going concern assessment period. Management has concluded that there is no plausible scenario where the College will require financial support to meet its liabilities during the going concern assessment period.

# Financial Management

**Our overall  
assessment:  
Green**

The College reported an adjusted operating surplus of £0.68 million, representing a decrease of £1.7 million compared to 2020/21. We were satisfied that the College's financial monitoring and reporting was clear and consistent throughout the year.

The College has an established budget setting and monitoring framework which includes presentation of financial updates to the Board and Finance, and Resources Committee throughout the year. We note that the College's Vice Principal - Finance and Resources left in September 2022 and a recruitment process is underway for his replacement. We were satisfied that interim arrangements were appropriate.

## Financial performance and monitoring

The College reported a deficit of £2.73 million for the year (2020/21: £0.9 million). Following an actuarial gain of £19.2 million and a revaluation gain of £4.1 million, the College reported total comprehensive income of £20.6 million (2020/21: £16 million). The College had an operating surplus after removal of non-cash accounting adjustments (relating to pension and capital accounting) of £0.46 million (2020/21: £2.3 million).

2021/22 was the second full financial year that the College had operated in the context of Covid-19 and the pandemic continues to have an impact on student recruitment and retention. In addition, the ongoing economic and geopolitical uncertainty, including the cost of living crisis, has led to further financial challenges for the College. The reduction in operating surplus reflects reductions in income, alongside increasing costs in both pay and non-pay expenditure.

In line with previous years, the College's financial performance was monitored throughout the year by the Senior Management Team and the Finance and Resources Committee. The financial monitoring and reporting arrangements have continued as planned despite the resignation of the Vice Principal - Finance and Resources. Interim arrangements to fulfil his role have allowed key reports, including the updated Financial Forecast Return (FFR) to be submitted to the SFC in line with planned timescales.

## Management accounts

Throughout 2021/22 management reported budget pressures and variances to the Finance and Resources Committee. The management accounts explain the impact of reduced student numbers, and in particular activity levels that were lower than target. The College delivered 131,207 credits against a target of 131,915. This meant that Revenue Grant was reduced as ESF Funds that the College was due to receive for credits above the target could not be accessed.

In addition, there was significant uncertainty relating to the likelihood of clawback of SFC funding in relation to deferred credits. This impacted the ability of the College to present forecast information with certainty, although prudent assumptions were made.

## **Capital Programme**

We have noted in prior years that the College was significantly impacted by the inability to access capital funding for an Estates Masterplan in 2018. As a result, the current Estates Strategy is constrained by the availability of funding. While the funding level is insufficient to address the maintenance backlog, improvement works have been undertaken to the Gallowgate campus. In addition, the College has invested in solar installation and LED fittings, both to work towards climate change goals and to have an impact on future utility costs.

## **Systems of internal control**

Within the Annual Governance Statement, the Regional Board has concluded that they have obtained assurance that the system of internal control was operating effectively during the year with no exceptions or significant issues identified.

Throughout our audit of the financial statements, we consider the design and implementation of key controls related to areas of significant risk to the financial statements. This work has included documenting the key internal financial controls and performing walkthroughs to ensure controls are implemented as designed. We undertook an initial assessment of the financial control environment as part of our planning work in March 2022, and updated our understanding as part of the yearend audit. Our work did not identify any significant weaknesses in the College's systems of internal control. We have not identified any significant changes to the design and implementation of controls as a result of the impact of hybrid working arrangements.

## **National Fraud Initiative (NFI)**

NFI is a counter-fraud exercise co-ordinated by Audit Scotland and overseen by the Cabinet Office to identify fraud and error. The NFI exercise produces data matches by comparing a range of information held on public bodies' systems to identify potential fraud or error.

The College received matches for investigation in January 2021 and results of the investigation were recorded on the NFI system. We noted progress continued to be made by the College and that we had no matters to report.

# Governance and Transparency

**Our overall  
assessment:  
Green**

The key features of good governance remain in place at the College and have been operating effectively throughout the year. The Chair of the Regional Board retired in February 2022, and there were delays in the recruitment exercise run by the Scottish Government on behalf of the College. We were, however, satisfied that interim arrangements were effective and we note that a Chair was appointed in October 2022.

The Regional Board considered an updated Governance Manual in March 2022. The College took the opportunity to adopt the Model Code of Conduct, issued by the Standards Commission for Scotland, within the Governance Manual.

The College's Audit and Risk Committee has continued to monitor progress in response to the significant issues highlighted in internal audit's IT Network Arrangements / Data Protection report, issued in May 2021.

## Annual Governance Statement

The College has demonstrated through the year that it has the key requirements for good governance. The key aspects of governance arrangements require to be disclosed in the Annual Governance Statement within the financial statements. We reviewed the governance statement against the requirements outlined in the SFC's 2021/22 Accounts Direction and our understanding of the College up to 31 July 2022.

This includes the requirements to conclude on the College's compliance with the 2016 Code of Good Governance for Scotland's Colleges, or to explain any areas of non-compliance. Our consideration of the governance statement has included:

- ▶ Ensuring that the College has met all requirements of the SFC's 2021/22 Accounts Direction;
- ▶ Ensuring that the content of the statement is consistent with our understanding of the College's governance arrangements and any issues identified during the year; and
- ▶ Ensuring that the College has performed a self-assessment of compliance with the Code of Good Governance for Scotland's Colleges and that this assessment is reflected in the statement.

We were satisfied that it was consistent with both the governance framework, key findings from relevant audit activity and management's assessment of its own compliance with the Code of Good Governance for Scotland's Colleges.

## **Governance Arrangements**

Like all other public bodies in Scotland, the College moved to revised governance arrangements at the beginning of the UK lockdown period. Since March 2020, all Board and committee meetings continued as scheduled via remote working arrangements, and all relevant business continued to be considered as required.

Following a change to the committee arrangements to replace the Selection and Appointments Committee with a Governance and Nominations Committee, the Regional Board considered an updated Governance Manual in March 2022. The College took the opportunity to adopt the Model Code of Conduct, issued by the Standards Commission for Scotland, within the Governance Manual. This has enhanced the formal expectations for ethical behaviour.

## **Appointment of Board Chair**

The Chair of the Regional Board retired in February 2022. The appointments process is arranged by the Scottish Government on the College's behalf. We noted that there were delays to the appointments process, and as a result interim arrangements were established prior to the appointment of a new Chair in October 2022.

## **Enquiries of those charged with governance**

In line with previous years, we formally wrote to the Chair of the Audit and Risk Committee to make inquiries around the College's governance arrangements, including consideration by those charged with governance in respect of compliance with laws and regulations; identification of fraud, error and breaches of internal control; and material litigation and claims. No matters were brought to our attention.

## **Internal audit**

Internal audit's annual opinion was based on its agreed audit plan for the year, as approved by the Audit and Risk Committee. For 2021/22, the internal auditor's opinion notes that, 'In our opinion, the College has adequate and effective arrangements for risk management, control and governance. Proper arrangements are in place to promote and secure Value for Money.'

The internal auditors drew attention to the progress made in response to significant issues identified in 2020/21 relating to IT Network Arrangements / Data Protection, issued in May 2021, was graded as 'Requires Improvement'.

The report contained five Priority 2 and seven Priority 3 recommendations. Internal audit followed up the recommendations during 2020/21 and reported that a significant amount of work had been undertaken to respond to the risks identified by that seven recommendations had still to be fully implemented (three Priority 2 and four Priority 3). The College's Audit and Risk Committee has maintained an interest in progress and will monitor completions by the planned timescales to the end of the calendar year 2022.

# Value for Money

**Our overall assessment: Green**

The College Board considered regular updates against the Strategic Plan throughout the year. We were satisfied that performance reporting remained effective, drawing upon benchmarking information from other Scottish Colleges. Performance remained challenging in 2021/22 as a result of the lasting legacy of the pandemic. Targets have been set for only 9 of the 27 Key Strategic Indicators, and only 3 were achieved in 2021/22.

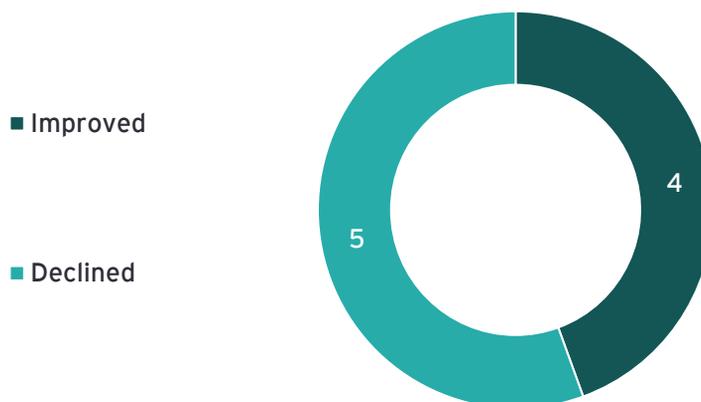

The College has highlighted a particular weakness in the learner success rates for fulltime FE students. During 2020/21, 56.7% of learners completed their course successful, against a national average of 61.3%. We do, however, note that student satisfaction has remained high.

Work is underway to update strategic planning to respond to the significant challenges facing the College and the wider FE sector.

## Performance Reporting

The College's Strategic Plan 2021-23 sought to address key challenges affecting the region including the impact of the pandemic and changing priorities for the oil sector. The Regional Board continued to monitor progress against the five strategic themes at each meeting during 2021/22 using Key Strategic Indicators (KSIs). Targets were set for only 9 of the 27 performance measures in 2021/22. Performance has been reported within the College's financial statements, and we note that only 3 of the targets were achieved. Exhibit 2 highlights that 4 indicators improved against prior year comparators.

**Exhibit 2: The achievement of performance targets has been challenging as a result of difficulties in recruiting students and the level of successful completions**

Source: North East Scotland College Financial Statements 2021/22

The performance reporting to the Regional Board has drawn upon benchmarking information from other Scottish Colleges. The reports highlight a particular weakness in the learner success rates for fulltime FE students. During 2020/21, 56.7% of learners completed their course successfully, against a national average of 61.3%. College management has identified that as the specific courses delivered at the College are practical in delivery, the impact of continuing to operate under social distancing measures was a factor affecting teaching and learning. Future FE programmes are now predominantly timetabled completely on campus, which the College believes will support more positive outcomes.

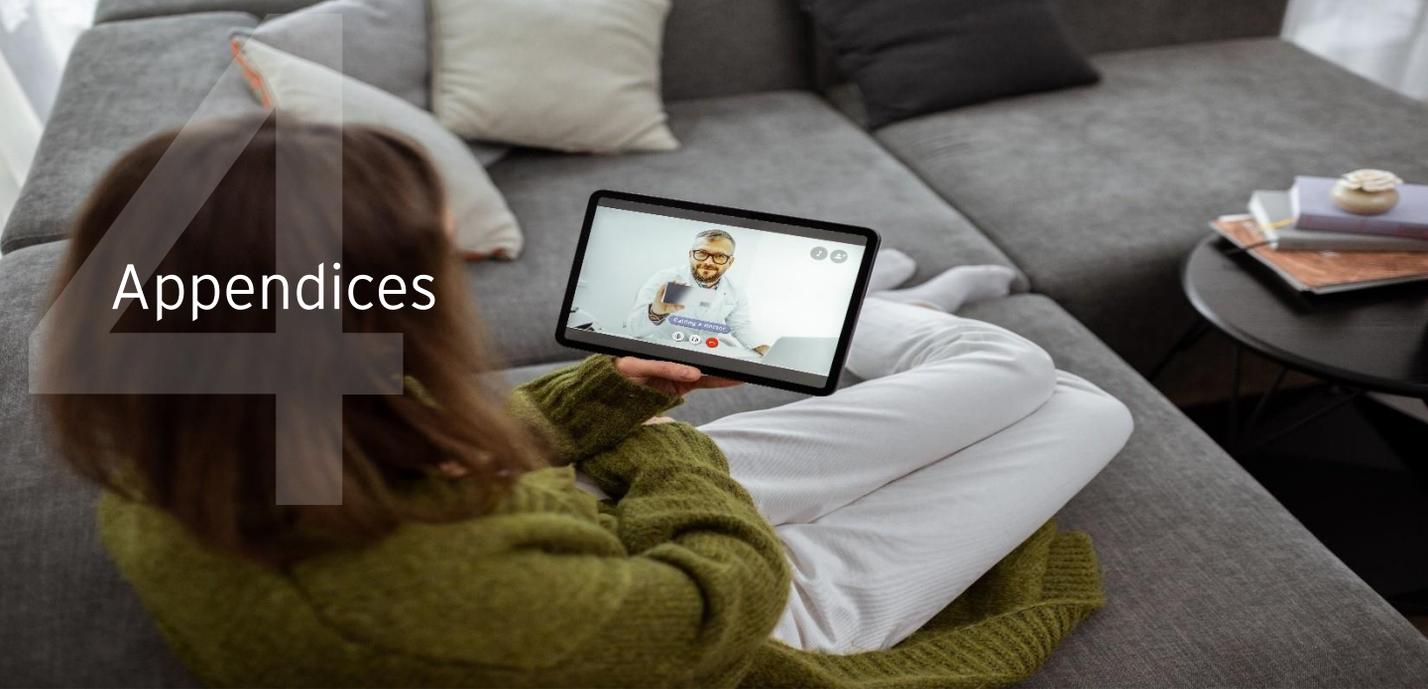

Alongside the KSIs, the Leadership Team has established Priority Enhancement Initiatives to address specific areas for improvement that can enhance the quality of provision. Key actions include:

- ▶ Further development of the SFC's North East Scotland Pathfinder initiative. In partnership with the region's two universities, the two local authorities and others, the College is developing priority projects to promote sustainable pathways for students and enhance the employability of students;
- ▶ Collaboration on the development of an Energy Transition Zone (ETZ) and the National Energy Skills Accelerator (NESA) to drive energy transition and maximise the economic opportunity which emerges from these initiatives. These projects are linked to the Scottish Government's Just Transition Fund.

We understand that the College Leadership Team is reviewing the scope of the Priority Enhancement Initiatives for 2022/23 to respond to the significant challenges facing the College and the wider college sector.

#### **Procurement arrangements**

We considered the College's procurement arrangements to support the achievement of value for money. We are satisfied that procurement arrangements throughout the financial year continued to be reported and scrutinised by the Finance and Resources Committee.

# 4 Appendices

A - Code of Audit Practice: responsibilities

B - Independence and audit quality

C - Required communications with the Audit Committee

D - Adjusted errors identified during the audit

E - Timing and deliverables of the audit

# Appendix A: Code of Audit Practice Responsibilities

## Audited Body's Responsibilities

### Corporate Governance

Each body, through its chief executive or accountable officer, is responsible for establishing arrangements to ensure the proper conduct of its affairs including the legality of activities and transactions, and for monitoring the adequacy and effectiveness of these arrangements. Audited bodies should involve those charged with governance (including audit, risk and governance committees or equivalent) in monitoring these arrangements.

### Financial Statements and related reports

Audited bodies must prepare an annual report and accounts containing financial statements and other related reports. They have responsibility for:

- ▶ preparing financial statements which give a true and fair view of their financial position and their expenditure and income, in accordance with the applicable financial reporting framework and relevant legislation.
- ▶ maintaining accounting records and working papers that have been prepared to an acceptable professional standard and support their financial statements and related reports disclosures.
- ▶ ensuring the regularity of transactions, by putting in place systems of internal control to ensure that they are in accordance with the appropriate authority.
- ▶ maintaining proper accounting records.
- ▶ preparing and publishing, along with their financial statements, an annual governance statement, management commentary (or equivalent) and a remuneration report that are consistent with the disclosures made in the financial statements. Management commentary should be fair, balanced and understandable and also clearly address the longer-term financial sustainability of the body.
- ▶ Management, with the oversight of those charged with governance, should communicate clearly and concisely relevant information to users about the entity and its financial performance, including providing adequate disclosures in accordance with the applicable financial reporting framework.

Audited bodies are responsible for developing and implementing effective systems of internal control as well as financial, operational and compliance controls. These systems should support the achievement of their objectives and safeguard and secure value for money from the public funds at their disposal. They are also responsible for establishing effective and appropriate internal audit and risk-management functions.

### Standards of conduct / prevention and detection of fraud and error

Audited bodies are responsible for establishing arrangements for the prevention and detection of fraud, error and irregularities, bribery and corruption and also to ensure that their affairs are managed in accordance with proper standards of conduct by putting proper arrangements in place.

### Standards of conduct / prevention and detection of fraud and error

Audited bodies are responsible for putting in place proper arrangements to ensure that their financial position is soundly based having regard to:

- ▶ such financial monitoring and reporting arrangements as may be specified
- ▶ compliance with any statutory financial requirements and achievement of financial targets
- ▶ balances and reserves, including strategies about levels and their future use
- ▶ how they plan to deal with uncertainty in the medium and longer term
- ▶ the impact of planned future policies and foreseeable developments on their financial position.

### Best Value

The Scottish Public Finance Manual sets out that accountable officers appointed by the Principal Accountable Officer for the Scottish Administration have a specific responsibility to ensure that arrangements have been made to secure best value.

# Appendix B: Independence and audit quality

Professional ethical standards, and the Terms of our Appointment, require us to communicate all significant facts and matters that have a bearing on EY's objectivity and independence as auditor of the College.

## Matters that we are required to communicate

The FRC Ethical Standard requires that we provide details of all relationships between Ernst & Young (EY), its directors and senior management and affiliates, and you, including all services provided by us and our network to you, and other services provided to other known connected parties that we consider may reasonably be thought to bear on our integrity or objectivity, including those that could compromise independence and the related safeguards that are in place and why they address the threats.

There are no relationships from 1 August 2021 to the date of this report, which we consider may reasonably be thought to bear on our independence and objectivity.

## Confirmations

We are not aware of any inconsistencies between the College's policy for the supply of non audit services and FRC Ethical Standard. We are not aware of any apparent breach of that policy.

We confirm that, in our professional judgment, Ernst & Young is independent, our integrity and objectivity is not compromised and we have complied with the FRC Ethical Standard.

We confirm that your engagement team (partners, senior managers and managers and all others involved with the audit) and others within the firm, the firm and network firms have complied with relevant ethical requirements regarding independence.

## Audit Fees

	2021/22	2020/21
<b>Component of fee:</b>		
Total agreed auditor remuneration	£34,480	£33,760
Additional audit procedures	£0	£2,000
Audit Scotland fixed charges:		
Pooled costs	£1,920	£2,180
Audit support costs	£1,720	£1,420
<b>Total fee</b>	<b>£38,120</b>	<b>£39,360</b>

The expected fee for each body, set by Audit Scotland, assumes that it has sound governance arrangements in place and operating effectively throughout the year, prepares comprehensive and accurate draft financial statements and meets the agreed timetable for the audit. It also assumes there is no major change in respect of the scope of work in the year.

Matters that we are required to communicate

International Standard on Quality Control (UK and Ireland) 1 (ISQC1) requires that a system of quality control is established, as part of financial audit procedures, to provide reasonable assurance that professional standards and regulatory and legal requirements are being complied with and that the independent auditor's report or opinion is appropriate in the circumstances.

The EY 2022 UK Transparency Report can be accessed on our website at [EY UK 2022 Transparency Report | EY UK](#). This material is published to provide a timely and relevant source of information about EY in general, and our audit business in particular. This includes our Audit Quality Report.

The disclosures are extensive. For example, they explain our outlook and how we are structured and governed, including the role of our Independent Non-Executives and how we apply the requirements of the UK's Audit Firm Governance Code. We refer to the quality of our audits and our commitment to recruiting, developing and diversifying our people and talent pool. We also explain how we manage our risks and remain innovative and technologically advanced in what we do and how we do it.

Maintaining high audit quality across all of our engagements is of paramount importance to us. Our transformational Audit Quality Programme continues and is a part of the global EY Sustainable Audit Quality Programme (SAQ).

Our Audit Quality Board (AQB) continues to oversee all matters relating to audit quality and sets the agenda for the Audit Quality programme. The AQB meets monthly and also holds an annual strategy session. The AQB reports to the EY UK Board. The AQB receives regular updates on regulatory matters, results of internal and external reviews, results of root cause analysis, resourcing, the SAQ programme and pursuit approvals, as well as a comprehensive dashboard on quality measures.

Our Audit Quality Support Team (AQST), which started within the SAQ programme, reviews 40 to 50 audits each audit cycle providing challenge and guidance to the engagement teams. These are in-depth reviews carried out by experienced auditors independent of the audit team. AQST reviews enhance the quality of both the audit under review and other audits on which team members apply the lessons learned. The AQST has now become a business-as-usual function.

Audit Quality Framework / Annual Audit Quality Report

Audit Scotland's Appointments and Assurance Team are responsible for applying the new Audit Quality Framework across all financial audits and performance and Best Value audits. This covers the quality of audit work undertaken by Audit Scotland staff and appointed firms. The team are independent of audit delivery and provide assurance on audit quality to the Auditor General and the Accounts Commission.

We support Audit Scotland in their commitment to reporting on audit quality through responding to requests for information and providing the results of internal quality reviews undertaken in respect of relevant public sector audits in Scotland.

The most recent audit quality report which covers our work at the College since appointment can be found at: [Quality of public audit in Scotland annual report 2021/22 \(audit-scotland.gov.uk\)](#)

# Appendix C: Required communications

Required communication	Our reporting to you

# Appendix E: Timing and deliverables of the audit

We deliver our audit in accordance with the timeline set by the College, in accordance with guidance from Audit Scotland. Below is a timetable showing the key stages of the audit and the deliverables through the 2021/22 audit cycle.

	Audit Activity	Deliverable	Timing
MAR	▶ Walkthrough Visit	Completion of internal documentation	April 2022
APR			
MAY	▶ Audit planning and setting scope and strategy for the 2021/22 audit	Annual Audit Plan	April/May 2022
JUN			
SEP	▶ Year-end substantive audit fieldwork on unaudited financial statements	Audited Financial Statements	October - November 2022
OCT			
NOV	▶ Conclude on results of audit procedures	Issue Annual Audit Report	31 December 2022
DEC	▶ Issue opinion on the College's financial statements	Submit Audit Scotland minimum dataset request	31 December 2022

## EY | Assurance | Tax | Transactions | Advisory

### About EY

EY is a global leader in assurance, tax, transaction and advisory services. The insights and quality services we deliver help build trust and confidence in the capital markets and in economies the world over. We develop outstanding leaders who team to deliver on our promises to all of our stakeholders. In so doing, we play a critical role in building a better working world for our people, for our clients and for our communities.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients. For more information about our organization, please visit [ey.com](https://ey.com).

### Ernst & Young LLP

The UK firm Ernst & Young LLP is a limited liability partnership registered in England and Wales with registered number OC300001 and is a member firm of Ernst & Young Global Limited.

Ernst & Young LLP, 1 More London Place, London, SE1 2AF.
