

Contracts register

The Procurement Reform (Scotland) Act 2014 requires public bodies to maintain a contracts register.

The contracts contained in the register are any contracts entered into as a result of a regulated procurement.

The public body is also obliged to make the information publicly available.

To fulfil its duty under the Act Audit Scotland has published the following information:

Date of award	Contractor	Supply	Estimated contract value over initial contract period	Start date	End date	Duration of extensions	Notes
