<b>Owned and maintained by:</b>	Digital Services / Head of Digital Services
<b>Date checked/ created:</b>	Audit Scotland Board approved May 2023
<b>Next review date:</b>	May 2024

## Introduction

1. This policy sets out that in respect of the information Audit Scotland holds and processes it will have arrangements in place to:
  - protect and maintain the confidentiality, integrity, quality and availability of all the information it holds and processes
  - manage all the information it holds and processes to meet its contractual, legal and regulatory obligations.
2. This policy is supported by the Information Security Management System documentation shown in the diagram at Appendix 1.

## Scope

3. This policy is mandatory for all employees, contractors and consultants employed by Audit Scotland. Failure to comply with this policy and supporting information security policies may result in disciplinary action.

## Information Security Objectives

4. Audit Scotland will:
  - treat information security as business critical, whether that be for Audit Scotland information or client data managed by Audit Scotland
  - seek to ensure the confidentiality, integrity and availability of Audit Scotland's and client owned information, held by and managed by Audit Scotland
  - produce, maintain and test business continuity plans to ensure the availability of its information and information systems
  - ensure that wherever possible its information is open, not restricted by financial or legal agreements
  - meet legislative and regulatory requirements (including intellectual property rights)
  - comply with all relevant data protection regulations and implement privacy by design in all information systems

- identify and implement appropriate controls for information assets proportionate to levels of risk
- manage information security risks to an acceptable level, as defined in the Risk Framework
- communicate all appropriate information security policies to all employees, contractors, consultants, clients and other stakeholders
- allocate individual accountability for compliance with all appropriate information security policies, standards, guidance and procedures
- report and investigate all information security breaches, whether actual or suspected and ensure they are reported and investigated in line with approved policies.
- continue to improve information security management and training to raise awareness of the importance of information security regularly to our colleagues.
- develop, implement and maintain an Information Security Management System (ISMS) in accordance with guidance contained within ISO/IEC 27001:2013 standard.

## Responsibilities

5. Audit Scotland's Board through its Audit Committee has oversight of risks, including information risks.
6. Audit Scotland's Accountable Officer, with support from the Executive Team, has overall responsibility for ensuring this policy is effectively implemented and delivered.
7. Audit Scotland's Senior Information Risk Officer (SIRO) is the Chief Operating Officer, who is responsible for the overall management of the organisation's information risks.
8. The Digital Services Management Team (DSMT) ensures the latest updates are provided to Senior Management demonstrating leadership and commitment to ISO 27001.
9. A 6-monthly update on Digital Security is provided to Executive Team and then the Audit Committee.
10. Audit Scotland's Executive Team will implement and manage appropriate controls to enable conformance to information security policies within their own areas of responsibility and will ensure individual accountability for control performance.
11. The Knowledge, Information and Technology Governance Group (KITGG) will support the Accountable Officer, Senior Information Risk Officer and Executive Team by assessing and mitigating information security risks through standing agenda items on Digital Security and Corporate Risk Register review, both providing assurance.
12. The KITGG will maintain this policy and associated information security policies ensuring they are communicated, reviewed and updated in response to changes in risks faced by Audit Scotland, legislation, and internal operational working practices.
13. The KITGG will review and monitor all information security policies and our performance in meeting their requirements is monitored and reviewed on an annual basis.

14. The DSMT will maintain the Digital Services Strategy, information security standards, guidance and procedures ensuring they are communicated, reviewed and updated in response to changes in risks faced by Audit Scotland, legislation, and internal operational working practices.
15. The Digital Services Team will deliver the Digital Services Strategy ensuring that all the Audit Scotland's digital systems and services provide an environment that is independent of location, where colleagues can work safely, securely, and effectively, while supporting high quality audit work.
16. The Corporate Governance Manager (CGM) is the designated Data Protection Officer for Audit Scotland, responsible for updating Audit Scotland's Data Protection Policy. In addition, the CGM is the organisation's Records Manager managing data subject access requests and providing governance and compliance advice to staff.
17. Information Asset Owners must understand what information is held by their business group, and approve the permissions required to access it.
18. All Managers will be responsible for implementing and communicating appropriate information security policies, guidance and procedures.
19. All employees, contractors and consultants employed by Audit Scotland are required to play an active role in the protection of Audit Scotland's assets and treat information security appropriately, in order that this purpose can be achieved.
